
BDHEA Health Equity Toolkit and Playbook Update

BDHEA Board Directors Health Equity Toolkit and Playbook Update

*Comprehensive guide to bringing a health equity lens to the boardroom;
created by BDHEA and our partners at Deloitte*

The Board Director's Health Equity Playbook aims to help Board Directors bring a health equity lens into their governance roles and encourage Directors to influence conversations more directly regarding health equity.

The Playbook Team working closely with our Deloitte partners have engaged executives and Boards across the health ecosystem to socialize the Playbook. As we continue to advance the Playbook, the BDHEA welcomes your thoughts and introductions to organizations within your network that would benefit from this effective guide for action.

Health Equity Toolkit

Resources for BDHEA Members can be found on our Membership Portal – available late June 2022.

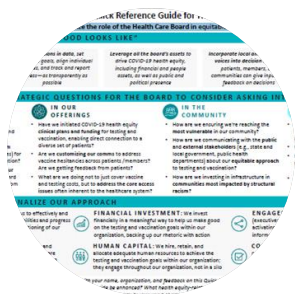

BDHEA Director's Playbook Preview Guide

A tool to introduce leaders to the BDHEA Director's Playbook and how BDHEA can help guide an organization on their health equity journey.

BDHEA Director's Playbook
